Congratulations! On behalf of The IIA, it is my great honor to present IIA–Slovenia with the prestigious 2016 Building Awareness Champion award, in appreciation of your efforts to promote the profession during International Internal Audit Awareness Month.

Your activities during May helped build awareness about the value that internal audit brings to stakeholders. The collective efforts of The IIA’s chapters, institutes, and associated organizations around the world helped raise the profile of internal auditors as central to the success of their organizations. Thank you for being a part of our endeavor.

You are welcome to display the attached award on your institute website and in marketing materials.

As The IIA honors its 75th Anniversary this year, let’s carry forward the enthusiasm from International Internal Audit Awareness Month toward activities that support our anniversary theme, “Celebrating Our Past . . . Inspiring the Future.” For more than 75 years, our profession has evolved to meet the dynamic needs of businesses and organizations. With your engagement, we continue to advance toward our shared vision: Internal auditors will be recognized as indispensable to effective governance, risk management, and control.

Thank you for your ongoing commitment to internal auditing and The IIA.

Best regards,
